Digital Pet Tips and Tricks

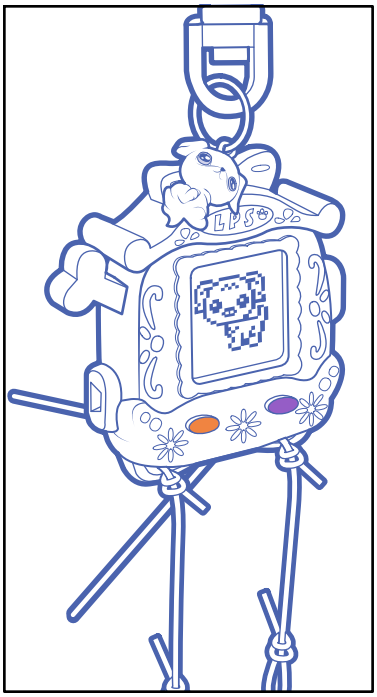
Buttons:

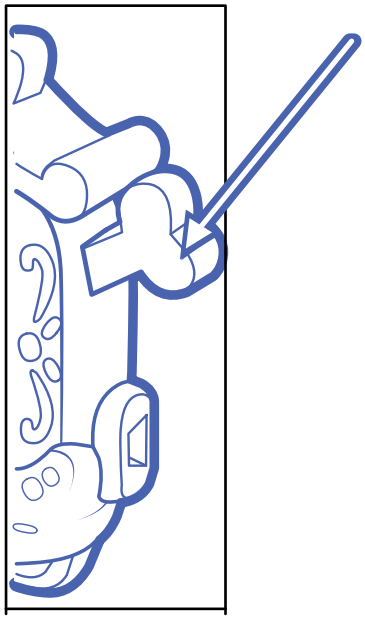
Moving your pet around

Point to objects on the screen and your pet will move in that direction.

Push the left (orange) button to point to different objects.
Each time you press the button, a different item will appear on the screen, such as a door or a toy.

Press the right (purple) button to select an item





Use your pet charms

Use your charms often to keep your pet feeling happy and cared for.

If you don't, your pet may become unhappy, move slowly, and not respond to you. If this happens, try grooming your pet with the brush charm.

Next, use the toy charm to play with your pet, and then feed it with the food charm.

- Place the units back to back.
- Then pull them apart and receive a stamp!

Remember, you can only receive 1 stamp from each kind of pet. (If you receive a stamp from a friend's Hamster unit, and another friend has a Hamster unit, you can not get another Hamster stamp.)
